JUNE'S MEETING

Apologies were received from
Jonathon Loose, Maureen Spencer,
Linda Phillips, Sue Denny and
Shelia Bicknell.

The speaker at this meeting was Colin Carter
who was accompanied by his wife Christine.

Colin gave a very informative talk on 'The
Genus Coelogyne', accompanied by some
stunning photography, which showed a vast
amount of different varieties.

His talk was followed by questions from
members in which Colin dispelled the popular
idea that these plants need to be kept dry
during the winter. They should be kept well
watered throughout the summer providing they
are allowed drain thoroughly but kept a little
moist during the winter.

Colin and Christine also brought along a
selection of plants for sale and kindly donated
a couple to the Raffle.

NEXT MEETING

The next meeting will be our Summer Event.

This will be held on Sunday July 17th and will be at Monk Sherborne Hall
Ramsdell Road, Monk Sherborne,
Basingstoke RG26 5HS.

We will start at 2pm with a cold buffet and will be followed by the usual auction. However, because there are fewer members who are able to bring along plants for sale, this will be a general auction and members are also welcome to bring along any item to sell as well as plants. The usual ten per cent commission from buyer and seller to go towards society funds.

Tickets will be £6 per person which is the same as last year. Members are welcome to bring along friends and family. I will need to know numbers attending by Wednesday 13th July.

Regrettably a minimum number of 15 applies.
