

# North Hampshire Orchid Society

## **NEWSLETTER MARCH 2015**

**At the meeting on Sunday 22nd March we had a very interesting and informative talk by Malcolm Perry about *Coelogynes*. Thank you Malcolm. We found out where they were in the wild and saw many photographs. Malcolm also had plants for us to purchase which I did as I am not too bad at growing them. Some of them have a lovely fragrance and some not so good like *Coelogyne flaccida* but most have interesting flowers. Although a lot are white they have colour on the lip.**

**We also had a competition table of lovely orchids. First was Lawrence Grey with a colourful bowl of *Pleiones*, second was Mike Moon with *Cymbidium Jocelyn* and third was Mike Sharman with *Dendrochilum glumaceum*. The photographs follow.**

**Pleiones**

**Cymbidium Jocelyn**

**Dendrochilum glumaceum**

**The following photographs are other orchids which were displayed.**

**Sophronitelia violacea**

**Chysis sedenii**

**Phaleanopsis stuartiana**

**Dendrobium Rainbow dance**

**Coelogyne flaccida**

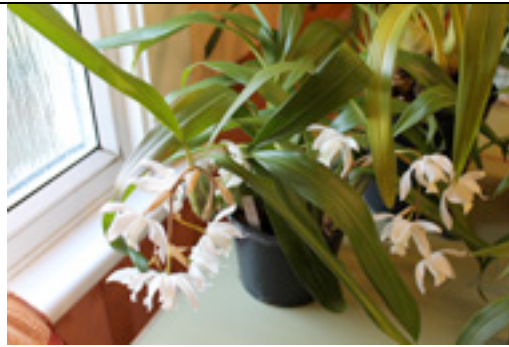

**Oncidium Dasystyle**

**SUBSCRIPTIONS ARE DUE PLEASE PAY MIKE MOON IF YOU HAVE NOT ALREADY DONE SO. THANK YOU**
